# Our Favorite Victor

Artist x Kingboy x GW Atwood x Shottle

### Brian Behnke's Top 5 Maternal Grand Sires to create great Victor Daughters

I like this mating as the Aftershock daughters have beautiful frames and Victor should add a little bit of style while keeping the strength.

I believe Victor on Dundee daughters will really help with foot shape and heel depth, this cross should make beautiful framed cows with great width.

It's exciting to cross Gold Barbara, dam of Brazzle and this years World Dairy Expo Grand Champion with the Unlimited family.

Gold Chip daughters have stylish frames and smooth lines but could use a little milk and openness of rib, Victor can do that.

The new kid on the block, Doc daughters have snazzy udders but could use a little style through the front end. Victor has that length and stretch through his front end.

#1 Aftershock

#2 Dundee

#3 Brazzle

#4 Gold Chip

#5 Doc
